Avery Dennison® Pathfinder® 6032™ Printer

Accelerate performance in global price management and item identification reducing complexity while improving speed, efficiency and accuracy.

This price management tool combines a keyboard, label printer applicator and key entry or optional scanner, into a unique one-piece design, simplifying markdowns and increasing productivity. The Pathfinder 6032 printer is perfect for automated small volume label applications for distribution centers and manufacturers.

EASY-TO-USE

Associate downloads the labeling information, takes the printer to the item and scans or keys in the information. The Pathfinder 6032 dispenses the label and the associate marks the item, quickly and accurately, with one motion.

RUGGED DESIGN

Durable plastic and rubber over-molds provide protection should the printer be dropped.

BENEFITS OF MOBILE PRINTING SOLUTIONS

- **Print Labels On-Demand.** Labeling at the product eliminates process steps and trips to the backroom.
- **Improve Customer Satisfaction.** Improved accuracy and throughput mean faster order fulfillment and greater customer satisfaction. Accurate order fulfillment improves customer confidence and retention.
- **Improve Inventory Accuracy.** Eliminate routing label mismatches at the carton.
